

A PCA of RAST annotation

Color: Class taxonomy level; Shape: Genome Type

B PCA of RAST annotation

Color: Order taxonomy level; Shape: Genome Type

C PCA of RAST annotation
Color by Class taxonomy level; Size by Completeness

D PCA of RAST annotation
Color by Order taxonomy level; Size by Contamination

E Genome Completeness and Contamination Scatter Plot

Color: Class taxonomy level; Shape: Genome Type

F Genome Completeness and Contamination Scatter Plot

Color: Order taxonomy level; Shape: Genome Type

G Genome Completeness and Contamination Scatter Plot
Color: Class taxonomy level; Shape: Genome Type

H Genome Completeness and Contamination Scatter Plot
